

Foreword

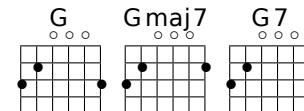

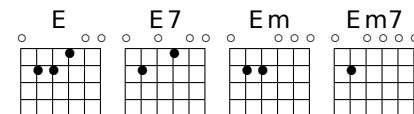

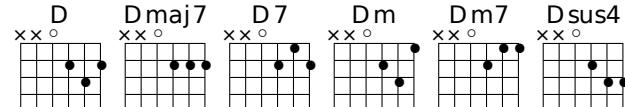

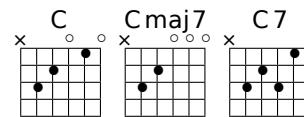

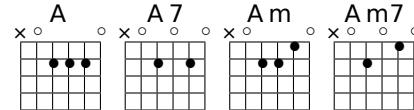

Music can speak for us and express a moment in a way that words often fall short. Our songbook is a collection of music, chosen such that you and your co-adventurers can sing, strum and head-bang outdoors to capture those special moments. Whether it's an acappella 'Hallelujah' in a white-out Brew Hut, the full blast of 'Bohemian Rhapsody' after seven hours on the road to Smith Rocks, or a friendly reminder to 'Always look on the bright side of life' in your shiver-bivvy, the songs are here. I hope carrying this book reminds you to enjoy these moments and harmonize in nature with old friends and new.
